

Student Code of Conduct

Last approved: September 2024

Approved by: Academic Board

Next review due: September 2028

Introduction

This Code of Conduct applies to all students currently registered on a course at BIMM University including its academic partners. It is designed to protect the rights of all members of the diverse community within BIMM University – whether staff, students or their visitors – to participate freely in the purposes of the School, both formally and informally.

BIMM University expects all staff, students and their visitors to show respect for one another in all aspects of their contact, to conduct themselves with due regard for their own legal responsibilities and in a way that preserves and enhances BIMM University's good name and reputation.

This Code of Conduct applies to all students and their visitors. Any breach of this Code of Conduct will be taken seriously and, where deemed necessary, dealt with through BIMM University [Student Disciplinary Procedure](#). Sanctions against unacceptable behaviour will be applied consistently in the interests of everyone's learning, teaching and social experience.

By enrolling at BIMM University, students confirm their agreement to comply with this Code and BIMM University's [Rules, Regulations, Codes, Policies and Procedures](#). Students are expected to keep themselves familiar with all such documentation relating to their enrolment on their course of study at BIMM University, as they are updated from time to time.

Principles Forming the Basis of Acceptable Student Conduct:

- Students should conduct themselves in an orderly manner in their academic and recreational activities while they attend BIMM University or engage in any related activity.
- Students are expected to respect and observe the [Rules and Regulations](#) (including all policies, procedures and codes) of BIMM University.
- Students should respect the rights and privacy of other members of BIMM University (staff and student) or any third parties at all times.

The general definition of 'Misconduct' under this Code is the improper interference, in the broadest sense, with the proper functioning or activities of BIMM University, or those who work or study at BIMM University, or action which otherwise damages BIMM University.

Coverage of the Code

BIMM University's jurisdiction over student conduct is not limited to its premises or solely within term-time and includes student's use of electronic and digital mediums, including social media. This means, for example, that behaviour off campus and during vacations, weekends, evenings, on placements and field trips and other activities may be taken into consideration. It also means that behaviour in a social setting (such as at an external event associated with BIMM University, or on social media) may have consequences whether or not it takes place during normal opening hours.

Levels of Misconduct

BIMM University's [Student Disciplinary Procedure](#) categorises non-Academic Misconduct by consideration of the severity of the Misconduct. There are a range of sanctions that may be applied based on the category of Misconduct. When aggravating factors are present, the category of

Misconduct may be increased and, therefore, subject to more severe sanctions. Where mitigating factors are present, this may lead to the category of Misconduct being reduced and, therefore, subject to less severe sanctions, or the category of Misconduct may remain the same but less severe sanctions permitted within that category may be applied.

Minor Misconduct involves allegations which, whilst serious in nature, do not seriously affect or cause serious damage to BIMM University, its reputation or to its staff, students, visitors or other third parties. Minor Misconduct is considered less serious in nature but will warrant formal investigation and possible sanction.

Major Misconduct involves allegations that either do or have the potential to seriously affect or cause serious damage to BIMM University, its reputation or to its staff, students, visitors or other third parties. Major Misconduct is considered more serious in nature and warrants investigation by a Disciplinary Panel Hearing and possible sanctions. These sanctions can include exclusion from BIMM University and others that may impact on a student's academic progress.

Major Misconduct may also include instances where Minor Misconduct is frequent or repeated or the student fails to comply with disciplinary decisions or sanctions previously reached at lower levels or fails to comply with the terms of a Precautionary Measure.

Specific procedures for Minor and Major Misconduct are outlined in BIMM University's [Student Disciplinary Procedure](#).

Precautionary Measures

In cases where the alleged offence poses an actual or potential risk to members of BIMM University's community or the integrity of any investigation, the Precautionary Measures procedures in BIMM University's [Student Disciplinary Procedure](#) may be applied as a neutral and non-judgmental measure pending the outcome of any investigation into the alleged offence.

Academic Misconduct

Where the allegations against a Student are of Academic Misconduct, those allegations will be considered under the [Academic Integrity Policy](#).

Bullying & Harassment

Where the allegations against a Student relate to Bullying or Harassment, those allegations will be considered in accordance with BIMM University's [Bullying & Harassment Policy & Procedure](#).

Sexual Misconduct

Where the allegations against a student are of Sexual Misconduct, those allegations will be considered in accordance with BIMM University's [Sexual Misconduct Policy](#).
