

## BIMM Institute Academic Framework

### 1. Academic Framework

- 1.1 The Academic Framework establishes the criteria and rules for courses of the British and Irish Modern Music Institute (BIMM Institute). It sets out the basic criteria for awards by establishing the parameters necessary to assure the quality and academic standing of BIMM Institute courses in accordance with the *Qualifications & Credit Framework in England, Wales & Northern Ireland* (Ofqual 2010), *Framework for Qualifications of Higher Education Institutions in England, Northern Ireland & Wales* (2008), the *Higher Education Credit Framework for England: guidance on academic credit arrangements in Higher Education in England* (2008); and the *Framework for Qualifications of the European Higher Education Area - FQ-EHEA* (Bergen 2005).
- 1.2 Course-specific requirements may, following approval through BIMM Institute's course approval process, be set for the award of named degrees, diplomas and certificates, and may be more stringent than those set out in this document.

### 2. Authority to Confer Awards

- 2.1 BIMM Institute derives its authority to confer awards from the provisions of the Higher Education & Research Act (2017), which amended the provisions of the Further & Higher Education Act (1992). BIMM Institute, acting through its Academic Board, has delegated to the Head of Institution (or designate) the authority to confer awards on persons recommended as eligible. The BIMM Institute Academic Board has provided for the establishment of authorised committees to make recommendations for the conferment of awards. These committees are:
- BIMM Institute Award Board.
  - BIMM Institute Honorary Awards Committee.
- 2.2 Conferment of an award of BIMM Institute will be by the Head of Institution or, through delegated authority, by a designated senior member of the Executive Management Group.
- 2.3 For all awards, conferment requires that the following conditions are satisfied:
- the student was a registered student of BIMM Institute at the time of their assessment for the qualification;
  - the student has completed the course of study approved as leading to the qualification being recommended;
  - the conferment has been recommended by the appropriate committee, acting under regulations approved by BIMM Institute.
- 2.4 The conferment shall be that for which the student is registered, except in the case of non-completion. Normally, a lower level qualification may be awarded if the student has fulfilled the requirements of the lower qualification.
- 2.5 BIMM Institute has established an Honorary Awards Committee as a sub-committee of Academic Board to consider recommendations for the conferment of honorary awards on individuals and to make recommendations to Academic Board for the inclusion of new honorary awards. The criteria for approval and list of approved honorary awards is appended as Annex 2.

2.6 The Head of Institution (or designate), acting on the recommendation of the Exam Board, may rescind an award. Any award may be rescinded if it is established that the authorised committee made its decision based on misleading or incorrect evidence or, in the case of honorary awards, if a person granted such an award engages in activity that is not in line with the good standing of BIMM Institute. In the case of an academic qualification, the award may be rescinded if it is established that unfair academic practice has taken place.

### **3. Approval of Qualifications and Awards**

3.1 BIMM Institute will consult widely before approving a new qualification or award. It will consider proposals in the context of existing BIMM Institute qualifications or awards and their relationship to each other and to the qualifications or awards of other bodies. Academic Board approves all qualifications and awards, through a process managed by its sub-committee, the Learning, Teaching & Enhancement Committee, which will consider qualifications or awards based on:

- position within the national qualification frameworks;
- the characteristics and level of the proposed qualification that would both distinguish it from existing qualifications and relate it to them;
- the suitability of existing qualifications for the proposed course(s) of study;
- the likely demand for, and recognition of, the proposed qualification by institutions, students and employers.

The procedures for submitting a new qualification for approval are contained in the Academic Development and Quality Handbook and can be found here: [Course Approval Policy - Section 7](#)

### **4. Certificates and Transcripts**

4.1 BIMM Institute shall confirm that a qualification/award has been conferred by the production of a certificate recording:

- the name of BIMM Institute;
- the student's name as registered with BIMM Institute;
- the qualification obtained and any classification;
- the approved title of the course.

4.2 The certificate will include the BIMM Institute logo and bear the signature of the Chair of Academic Board and the Head of Institution. It will include a statement that it is accompanied by a transcript detailing the results achieved by the student. A transcript is a formal record of the results of all assessments undertaken during a course leading to an award.

### **5. Recognition of Prior Learning (RPL) for the Award of Credit**

5.1 BIMM Institute's RPL Policy also allows students prior learning to be recognised formally and credit awarded towards their course of study. The full RPL policy can be found [here](#).

### **6. Academic Calendar & Modes of Attendance**

6.1 The BIMM Institute Academic Calendar is comprised of three semesters, the dates of

which can be found [here](#).

6.2 Modes of attendance are as follows:

Mode	Characteristics
Full-time	Students study for 40 hours per week during term-time.
Part-time	Students study for up to 20 hours per week. Teaching may take place during or outside of term-time, during daytime, evenings and/ or weekends.
Accelerated	Students study at an increased intensity allowing, for example, three academic years of study to be compressed into two calendar years, with increased contact and study time.

## 7. Academic Credit

7.1 Credit is a quantified means of expressing equivalence of learning. Credit is awarded to a learner in recognition of the verified achievement of designated intended learning outcomes at a specified level for a complete module. It is a way of comparing learning achieved in a variety of different contexts.

7.2 All credit-bearing modules shall be credit rated according to level and volume.

### ***Credit Level***

The Level shall be:

- **Level 4** (certificate level)
- **Level 5** (diploma level)
- **Level 6** (degree level)
- **Level 7** (taught master's level)

### ***Credit volume***

The credit volume reflects the notional student effort to successfully complete a module. It is determined by calculating the required learning hours on the basis of 1 credit for 10 hours of learning. The credit volume reflects all student effort, in particular taught provision, independent or guided study, assessment and revision. All BIMM Institute undergraduate and postgraduate taught modules from FHEQ Level 4-7 shall be weighted as 15, 20<sup>1</sup>, 30, 45 and 60 credits.<sup>2</sup> Exceptions to this rule are limited to BIMM Institute externally-validated provision delivered by affiliated partners of BIMM Institute.

<sup>1</sup> 20 credit modules are reserved for Foundation Diplomas only

<sup>2</sup> 60 credit modules are reserved for Postgraduate courses only

**Table mapping BIMM Institute qualifications to ECTS credits and total learning hours**

Qualification	FHEQ Credits	ECTS Credits	Learning Hours
Foundation Diploma	60	30	600
Certificate of Higher Education	120	60	1200
Diploma of Higher Education	240	120	2400
Ordinary Degree	300	150	3000
Honours Degree	360	180	3600
Postgraduate Certificate	60	30	600
Postgraduate Diploma	120	60	1200
Taught Masters	<b>180</b>	<b>90</b>	1800

**Undergraduate and taught postgraduate degree structure**

BIMM Institute higher education qualifications within each level	FHEQ/QCF level
Master's Degree (MA) Postgraduate diploma (PG Dip) Postgraduate certificate (PG Cert)	<b>7</b>
Bachelor's degree with honours (BA & BMus (Hons)) Bachelor's degree (BA & BMus)	<b>6</b>
Diploma of Higher Education (Dip HE)	<b>5</b>
Certificate of Higher Education (Cert HE) Foundation Diploma (FDip)	<b>4</b>

**8. Credit Framework**

8.1 BIMM Institute taught degrees, diplomas and certificates shall be designed in accordance with the **credit values and rules** stated in the table below.<sup>3</sup>

<sup>3</sup> Source: Higher Education Credit Framework for England: guidance on academic credit arrangements in higher education in England, August 2008.

Award Title	Level	Minimum Credit requirement	Minimum Period of Registration	Maximum Period of Registration	Award rules
<b>Master's Degree (MA)</b>	7	180	1 yr. Full Time (FT) 2 yrs. Part Time (PT)	2 yrs. FT 4 yrs. PT	Typically delivered over a single academic year (12-month period) and incorporating a project module, normally of 60 credits.
<b>Postgraduate Diploma (PgDip)</b>	7	120	2 semesters FT 4 semesters PT	4 semesters FT 8 semesters PT	These qualifications may be approved as standalone awards or as exit awards embedded within a Master's degree course.
<b>Postgraduate Certificate (PgCert)</b>	7	60	1 semester FT 2 years PT	2 semesters FT 3 years PT	
<b>BA/BMus (Hons) Single Honours</b>	6	360	3 yrs. FT 6 yrs. PT	6 yrs. FT 8 yrs. PT	This is a degree comprising a main area of study from a single subject. It may also include option modules from outside the main area of study that have been approved as relevant to the course of study.
<b>BA/BMus (Hons) Joint Honours</b>	6	360	3 yrs. FT 6 yrs. PT	6 yrs. FT 8 yrs. PT	This is a degree comprising two main areas of study with an even split of core credits across all levels of the course.
<b>BA/BMus (Hons) Accelerated Single or Joint Honours</b>	6	360	2 yrs. FT 4 yrs. PT	4 yrs. FT 6 yrs. PT	Each year consists of 180 credits, delivered across all three terms otherwise these degrees follow the framework of the standard delivery.
<b>Ordinary Bachelor's Degree (BA/BMus)</b>	6	300	3 yrs. FT 6 yrs. PT	6 yrs. FT 8 yrs. PT	This is an exit award granted in recognition of student learning where insufficient credit has been achieved to award an undergraduate honours degree in the subject.
<b>Diploma of Higher Education (DipHE)</b>	5	240	2 yrs. FT 4 yrs. PT	4 yrs. FT 6 yrs. PT	These may be approved as exit awards only and will bear the name of the course along with the title of award.
<b>Certificate of Higher Education (CertHE)</b>	4	120	1 yr. FT 2 yrs. PT	2 yrs. FT 3 yrs. PT	
<b>Foundation Diploma (FDip)</b>	4	60	1 yr. PT	2 yrs. PT	This is not an exit award and applies only to named Foundation Diploma courses.

## 9. Credit and module status on postgraduate taught courses

- 9.1 Credit is module specific and is achieved upon successful completion of the module. All modules contributing to an award must be credit-bearing.
- 9.2 For full-time postgraduate taught courses comprising 180 credits, the usual pattern of delivery will be 60 credits in the Autumn Semester, 60 credits in the Spring Semester

and 60 credits in the Summer Semester.

- 9.3 Individual modules may contribute to more than one course, but the credit volume and level of the module shall be the same irrespective of the course to which the module contributes.
- 9.4 Modules may be delivered within a single semester or across two semesters. Where a module is delivered across two semesters, the minimum credit volume will be 30 credits.
- 9.5 Taught postgraduate courses will normally have 90 credits of modules that are aligned to the award title.

## 10. European Credit Transfer

10.1 In line with the FHEQ and the FQ-EHEA, BIMM Institute credits must be based on a 40-hour week, where one credit equates to 10 notional learning hours. Credits must be converted to the European Credit Transfer System (ECTS) using the following ratio:

- 1 FHEQ credit = 0.5 ECTS credits = 10 notional learning hours

## 11. Naming Awards

11.1 For Undergraduate awards, successful students will receive one of the following:

- **Bachelor of Arts - BA (Hons)** degree. This is a classified award.
- **Bachelor of Music - BMus (Hons)** degree. This is a classified award.
- **Bachelor of Arts - Joint BA (Hons)** degree. This is a classified award.
- **Foundation Diploma - FDip.** This is a classified award.

11.2 For Postgraduate taught awards, successful students will receive one of the following:

- **Master of Arts - MA** degree. This is a classified award.
- **Postgraduate Certificate - PgCert.** This is a classified award.

11.3 The minimum requirements for the naming of awards are as follows:

- **Single Honours:** A degree comprising a main area of study from a single subject.
- **Joint Honours:** A degree comprising two main areas of study, with an even split of core credits across all levels of the course. Each subject of study warrants specific recognition on the degree certificate and constitutes a named entry route for applicants. The two elements of study will be reflected in the degree title, e.g. Songwriting & Music Business.

## 12. Delivery

12.1 Undergraduate courses may be delivered in full-time or part-time mode and any derogations must be formally approved. Postgraduate taught courses may be delivered in full-time or part-time mode subject to formal approval.

## 13. Modules

13.1 There are **two types of module**:

- **Core** – a module that all students on the course must take and secure the intended learning outcomes for the level/course.
- **Option** – one of a group of modules that may be selected by students.

13.2 **Single Honours Undergraduate courses** will be approved with the following split of core and option credits at each level:

- **Level 4 FDip:** 60 credits, all core.
- **Level 4 BA/BMus:** 120 credits, all core.
- **Level 5 BA/BMus:** A minimum of 75 credits core and maximum of 45 optional.

- **Level 6 BA/BMus:** A minimum of 60 credits core (must include the Final Year Project) and maximum of 60 optional.

13.3 **Joint Honours Undergraduate courses** will be approved with the following split of core and option credits at each level:

- **Level 4 BA/BMus:** 120 credits all core.
- **Level 5 BA/BMus:** 90 credits core and 30 optional.
- **Level 6 BA/BMus:** 75 credits core (must include the Final Year Project) and 45 optional.

13.4 **Modules** will be delivered as follows:

- **15 credits:** over one semester, requiring 150 hours of student effort. All elective modules will be weighted at this level.
- **20 credits (FDip only):** over an academic year, requiring 200 hours of student effort.
- **30 credits:** over two semesters, requiring 300 hours of student effort. Any option modules weighted at this level will be restricted to those deepening knowledge of established subject areas, rather than broadening knowledge to new ones.
- **45 credits (levels 6 & 7 only):** over two semesters, requiring 450 hours of student effort.
- **60 credits (MA only):** over two semesters at level 7 only, requiring 600 hours of student effort.

## **Annex 1: Honorary Awards**

### **General Criteria**

- 1 This covers the two different types of Honorary Awards available:
  - Honorary Degrees
  - BIMM Institute Fellowships
- 2 Proposals to confer an award not listed above will be subject to the approval of Academic Board.
- 3 The following general criteria must be taken into consideration for all types of Honorary Awards:
  - (i) Honorary Awards will be conferred on persons of distinction who will enhance the reputation of BIMM Institute and strengthen its mission.
  - (ii) Honorary Awards will be conferred on persons present at an appropriate conferment ceremony. It is not possible for an Honorary Award to be conferred in absentia.
  - (iii) Honorary Awards may not be conferred on persons who are employed by BIMM Institute at the time of conferment. Current staff, students and members of BIMM Institute committees will not be eligible while in these roles.
  - (iv) A reasonable test of a candidate's suitability for any Honorary Award should be the 'goodness of fit' of the candidate with the substantial community of honorary graduates already created by BIMM Institute.
  - (v) An Honorary Award should not be read as reciprocating a gift or political intervention on behalf of BIMM Institute.
  - (vi) In making awards to people in political life, BIMM Institute should seek to avoid endorsing individual political candidature or raising suspicion of eliciting favour with any party or person.
- 4 The Honorary Awards Committee (HAC), a sub-committee of Academic Board, will consider the eligibility of candidates for the conferment of Honorary Awards against approved criteria, and will approve persons for conferment.
- 5 Under exceptional circumstances, the HAC has the power to rescind an Honorary Award. For example, where the activities of a recipient have brought the Institute into disrepute.

### **Honorary Degree Criteria & Requirements**

- 6 Honorary Degrees will be awarded to those who:
  - have achieved academic distinction or held major leadership roles nationally or internationally in the disciplines, areas of business and professions that BIMM Institute serves;
  - are considered to be appropriate role models for our students;

- have a local connection with BIMM Institute (not essential, but the award must be of benefit to BIMM Institute);
- have a prior or planned connection with BIMM Institute's activities;
- have an affinity with disciplines studied at BIMM Institute.

### **Titles**

- 7 The Master's degree awarded will be agreed by the HAC but will be an **Hon MA** award.

### **BIMM Institute Fellowship Criteria & Requirements**

- 8 BIMM Institute Fellowships may be conferred on persons whose outstanding work or actions has contributed significantly (whether by benefaction, achievement or service) in furthering the work or interests of BIMM Institute.
- 9 They may be conferred on persons external to BIMM Institute or ex-members of staff who have in the past made, or continue to make, a significant contribution to the academic life and standing of BIMM Institute.

### **Title**

- 10 BIMM Institute approved title for a Fellowship is **Fellow of BIMM Institute (FBIMMI)**.

## Annex 2: FHEQ Qualification Descriptors

### **Descriptor for a higher education qualification at level 4 on the FHEQ: Certificate of Higher Education**

The descriptor provided for this level is for any Certificate of Higher Education, which should meet the descriptor in full. This qualification descriptor should also be used as a reference point for other qualifications aligned with level 4 of the FHEQ.

#### **Certificates of Higher Education are awarded to students who have demonstrated:**

- knowledge of the underlying concepts and principles associated with their area(s) of study, and an ability to evaluate and interpret these within the context of that area of study
- an ability to present, evaluate and interpret qualitative and quantitative data, in order to develop lines of argument and make sound judgements in accordance with basic theories and concepts of their subject(s) of study.

#### **Typically, holders of the qualification will be able to:**

- evaluate the appropriateness of different approaches to solving problems related to their area(s) of study and/or work
- communicate the results of their study/work accurately and reliably, and with structured and coherent arguments
- undertake further training and develop new skills within a structured and managed environment.

#### **And holders will have:**

- the qualities and transferable skills necessary for employment requiring the exercise of some personal responsibility.

- Holders of a Certificate of Higher Education will have a sound knowledge of the basic concepts of a subject and will have learned how to take different approaches to solving problems. They will be able to communicate accurately and will have the qualities needed for employment requiring the exercise of some personal responsibility. The Certificate of Higher Education may be a first step towards obtaining higher level qualifications.

**Descriptor for a higher education qualification at level 5 on the FHEQ: e.g. foundation degree and DipHE:**

The descriptor provided for this level of the FHEQ is for any foundation degree which should meet the descriptor in full. This qualification descriptor should also be used as a reference point for other qualifications at level 5 of the FHEQ, including Diplomas of Higher Education, Higher National Diplomas, etc.

**DipHE/Foundation degrees are awarded to students who have demonstrated:**

- knowledge and critical understanding of the well-established principles of their area(s) of study, and of the way in which those principles have developed
- ability to apply underlying concepts and principles outside the context in which they were first studied, including, where appropriate, the application of those principles in an employment context
- knowledge of the main methods of enquiry in the subject(s) relevant to the named award, and ability to evaluate critically the appropriateness of different approaches to solving problems in the field of study
- an understanding of the limits of their knowledge, and how this influences analyses and interpretations based on that knowledge.

**Typically, holders of the qualification will be able to:**

- use a range of established techniques to initiate and undertake critical analysis of information, and to propose solutions to problems arising from that analysis
- effectively communicate information, arguments and analysis in a variety of forms
- to specialist and non-specialist audiences and deploy key techniques of the discipline effectively
- undertake further training, develop existing skills and acquire new competences that will enable them to assume significant responsibility within organisations.

**And holders will have:**

- the qualities and transferable skills necessary for employment requiring the exercise of personal responsibility and decision-making.

- Holders of qualifications at this level will have developed a sound understanding of the principles in their field of study and will have learned to apply those principles more widely. Through this, they will have learned to evaluate the appropriateness of different approaches to solving problems. Their studies may well have had a vocational orientation, for example HNDs, enabling them to perform effectively in their chosen field. Holders of qualifications at this level will have the qualities necessary for employment in situations requiring the exercise of personal responsibility and decision-making.

**Descriptor for a higher education qualification at level 6 on the FHEQ: bachelor's degree with honours:**

- The descriptor provided for this level of the FHEQ is for any bachelor's degree with honours which should meet the descriptor in full. This qualification descriptor should also be used as a reference point for other qualifications at level 6 of the FHEQ, including bachelor's degrees, and graduate diplomas.

**Bachelor's degrees with honours are awarded to students who have demonstrated:**

- a systematic understanding of key aspects of their field of study, including acquisition of coherent and detailed knowledge, at least some of which is at, or informed by, the forefront of defined aspects of a discipline
- an ability to deploy accurately established techniques of analysis and enquiry within a discipline
- conceptual understanding that enables the student:
  - to devise and sustain arguments, and/or to solve problems, using ideas and techniques, some of which are at the forefront of a discipline
  - to describe and comment upon particular aspects of current research, or equivalent advanced scholarship, in the discipline
- an appreciation of the uncertainty, ambiguity and limits of knowledge
- the ability to manage their own learning, and to make use of scholarly reviews and primary sources (for example, refereed research articles and/or original materials appropriate to the discipline).

**Typically, holders of the qualification will be able to:**

- apply the methods and techniques that they have learned to review, consolidate, extend and apply their knowledge and understanding, and to initiate and carry out projects
- critically evaluate arguments, assumptions, abstract concepts and data (that may be incomplete), to make judgements, and to frame appropriate questions to achieve a solution - or identify a range of solutions - to a problem
- communicate information, ideas, problems and solutions to both specialist and non-specialist audiences.

**And holders will have:**

- the qualities and transferable skills necessary for employment requiring:
  - the exercise of initiative and personal responsibility
  - decision-making in complex and unpredictable contexts
  - the learning ability needed to undertake appropriate further training of a professional or equivalent nature.
- Holders of a bachelor's degree with honours will have developed an understanding of a complex body of knowledge, some of it at the current boundaries of an academic discipline. Through this, the holder will have developed analytical techniques and problem-solving skills that can be applied in many types of employment. The holder of such a qualification will be able to evaluate evidence, arguments and assumptions, to reach sound judgements and to communicate them effectively.

- Holders of a bachelor's degree with honours should have the qualities needed for employment in situations requiring the exercise of personal responsibility, and decision-making in complex and unpredictable circumstances.
- Bachelor's degrees with honours form the largest group of higher education qualifications. Typically, learning outcomes for these programmes would be expected to be achieved on the basis of study equivalent to three or four full-time academic years and lead to qualifications with titles such as Bachelor of Arts, BA (Hons) or Bachelor of Science, BSc (Hons). In addition to bachelor's degrees at this level are short courses and professional 'conversion' courses, based largely on undergraduate material, and taken usually by those who are already graduates in another discipline, leading to, for example, graduate certificates or graduate diplomas.

**Descriptor for a higher education qualification at level 7 on the FHEQ: master's degree:**

The descriptor provided for this level of the frameworks is for any master's degree which should meet the descriptor in full. This qualification descriptor should also be used as a reference point for other qualifications at level 7, including postgraduate certificates and postgraduate diplomas.

**Master's degrees are awarded to students who have demonstrated:**

- a systematic understanding of knowledge, and a critical awareness of current problems and/or new insights, much of which is at, or informed by, the forefront of their academic discipline, field of study or area of professional practice
- a comprehensive understanding of techniques applicable to their own research or advanced scholarship
- originality in the application of knowledge, together with a practical understanding of how established techniques of research and enquiry are used to create and interpret knowledge in the discipline
- conceptual understanding that enables the student:
  - to evaluate critically current research and advanced scholarship in the discipline
  - to evaluate methodologies and develop critiques of them and, where appropriate, to propose new hypotheses.

**Typically, holders of the qualification will be able to:**

- deal with complex issues both systematically and creatively, make sound judgements in the absence of complete data, and communicate their conclusions clearly to specialist and non-specialist audiences
- demonstrate self-direction and originality in tackling and solving problems, and act autonomously in planning and implementing tasks at a professional or equivalent level
- continue to advance their knowledge and understanding, and to develop new skills to a high level.

**And holders will have:**

- the qualities and transferable skills necessary for employment requiring:
  - the exercise of initiative and personal responsibility
  - decision-making in complex and unpredictable situations
  - the independent learning ability required for continuing professional development.

- Master's degrees are often distinguished from other qualifications at this framework level (for example, advanced short courses, which often form parts of continuing professional development programmes and lead to postgraduate certificates and/or postgraduate diplomas) by an increased intensity, complexity and density of study. Master's degrees, in comparison to postgraduate certificates and postgraduate diplomas, typically include planned intellectual progression that often includes a synoptic/research or scholarly activity.
