### 1. Policy Overview:

For the purposes of this policy, BIMM Institute defines:

- A child as a person who is under the age of 18.
- A vulnerable adult as an individual over the age of 18 who may have a mental or other disability or illness and lacks the capacity to take care of him or herself (i.e. at risk of neglect); and/or who may be unable to keep him or herself safe from the risk of significant harm, abuse or exploitation, including the risk of radicalisation or being drawn into terrorism.

BIMM Institute is committed to taking all reasonable steps to promote and safeguard the welfare of students engaged in any activity and all BIMM UK Colleges pay close attention to, and work within the legislative safeguarding requirements documented in Keeping Children Safe in Education, and the statutory Prevent duty.

BIMM Institute has a duty, under the Children Act 1989, to ensure its functions are carried out to promote and safeguard the welfare of children under the age of 18. BIMM Institute also has a duty, under the Care Act 2014, to promote and safeguard the welfare of vulnerable adults. BIMM Institute ensures that all staff are clear that safeguarding is everyone's responsibility, and that all staff are aware of the signs and symptoms of abuse so that they are able to respond promptly and appropriately to safeguarding concerns. Where appropriate, BIMM Institute works with other professionals to ensure a co-ordinated response to safeguarding issues.

This policy exists to ensure that all BIMM Institute UK Colleges implement appropriate arrangements, systems and procedures to ensure that all staff have the right skills, means and resources to protect children and vulnerable adults from harm. Furthermore, BIMM recognises that students who are abused or witness violence may find it difficult to develop a sense of self-worth and that BIMM Institute may be the only stable, secure and predictable environment in the lives of those students at risk. BIMM Institute will endeavour to support those students through a range of mechanisms including a positive ethos where students feel secure and liaison with external agencies and expertise such as Social Services and other relevant support services.

**This Policy will be reviewed on an annual basis and submitted for Academic Board approval.**

Training will also include members of the College community not employed directly by BIMM Institute, e.g. Security Staff.

Designated Safeguarding Officers will receive additional training so that they can effectively fulfil their responsibilities, this training will be updated annually.

When staff join BIMM Institute, they will be informed of the safeguarding children arrangements in place. All staff will be given a copy of this policy and Part 1 of Keeping Children Safe in Education (KCSIE) 2019. All staff will receive induction in safeguarding children and will be supplied with the child protection policy; the behaviour policy; the staff behaviour policy (sometimes called a code of conduct); the safeguarding response to children who go missing from education; and the role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies).

All volunteers, supply staff and regular visitors to BIMM Institute will be told where our policy is kept, given the name of the DSL and informed of the College's procedures in reporting concerns.

We recognise that staff working at BIMM Institute who have become involved with a child who has suffered harm, or appears to be likely to suffer harm, may find the situation stressful and upsetting. We will therefore support such staff by providing supervision and to seek further support such as counselling or regular supervision, as appropriate.

#### **4. Safer Recruitment & Selection of Staff**

BIMM Institute has a written recruitment and selection policy statement and procedures linking explicitly to this policy. The statement is included in all job advertisements, publicity material, recruitment websites, and candidate information packs.

The recruitment process is robust in seeking to establish the commitment of candidates to support BIMM Institute's measures to safeguard children and to identify, deter or reject people who might pose a risk of harm to children or are otherwise unsuited to work with them.

All staff working within BIMM Institute, who have substantial access to children, have been checked as to their suitability, including verification of their identity, qualifications and a satisfactory barred list check, enhanced DBS check and a right to work in the UK.

BIMM Institute maintains a single central record of recruitment checks for audit purposes.

Any member of staff working in regulated activity prior to receipt of a satisfactory DBS check will not be left unsupervised and will be subject to a risk assessment.

Volunteers who are not working in regulated activity, will always be supervised.

#### **5. Managing Allegations against staff**

We acknowledge that a student may make an allegation against a member of staff.

If such an allegation is made, which meets the criteria as identified in Part 4 of Keeping Children Safe in Education, the member of staff receiving the allegation will immediately inform the College Principal, unless the allegation concerns the Principal, in which case the Executive Principal will be informed immediately.

The College Principal (or Executive Principal) on all such occasions will discuss the content of the allegation with Local Area Designated Officer (LADO), prior to undertaking any investigation.

BIMM Institute will follow the DfE and Local Authority procedures or managing allegations against staff.

The case manager will be guided by the LADO in all matters relating to the case, including suspension, sharing of information and any follow up investigation.

Suspected abuse by a member of staff - In the rare event that a member of staff suspects that a student is being abused by staff of the College, a report should be made in strict confidence to the Head of Student Support who will liaise in the strictest of confidence with the Head of Education and College Principal.

#### **6. Whistleblowing**

BIMM Institute recognises that students cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the attitude or actions of colleagues using BIMM Institute's confidential reporting (whistleblowing) policy.

Whistleblowing concerns about the College Principal should be raised with the Executive Principal.

Staff will be made aware that if they feel unable to raise a child protection failure internally, they can contact the [NSPCC whistleblowing helpline](#).

## 7. Procedure Guidelines for Dealing with Disclosures and Reporting Concerns

Any suspicion, allegation or incident of abuse must be reported to a member of the Safeguarding Team.

If any member of staff has any concerns about a learner they consider to be suffering or to be at risk of suffering significant harm, he/she must immediately contact a member of the Safeguarding Team:

### Staff should not:

- Promise confidentiality.
- Ask leading questions.
- Criticise or give their views.

The staff member to whom a disclosure is made should make a full and careful written record of the alleged abuse using the Safeguarding Concern Form. This should be done immediately or as soon as possible thereafter and passed to a Safeguarding Officer. The record must be kept secure and confidential. The relevant information should include:

- The date and time the allegation was made.
- Staff name and the names of others present.
- The name of the person making the allegation and, where different, the name of the child who has allegedly been abused.
- A description of any injuries observed.
- An account of the allegation.
- Any telephone report must be confirmed in writing to Social Services department within 24 hours. The confirmation may be handwritten, posted or faxed, but a copy must be kept securely on file.
- The Head of Student Support or, in their absence, Deputy Head or relevant Student Support Officer shall retain a copy of the written records and any other relevant material. These will be kept securely at all times, separate from the main student file.
- Allegations against staff will be referred to the Designated Safeguarding Lead and Human Resources.

A member of the Safeguarding Team will discuss the situation with Social Services if appropriate. This will include advice and discussion as to whether to make a formal referral for child protection. There should be no contact with parents/carers by staff – any contact must have the consent of the person disclosing and be referred via Children's Services.

### Types of Concerns

Staff should ONLY discuss these types of concerns with a member of the Safeguarding Team.

- A learner discloses that they have been sexually abused in the past or is now being sexually abused.
- A learner discloses self-harm, eating disorders, or suicidal thoughts or attempts.

- A learner that they have has been physically abused in the past or is now being physically abused.
- Staff are told by another learner or parent/carer that they know a learner is being abused.
- Staff see bruises, cuts, burns or unexplained injuries that lead to suspicion of a physical injury.
- If they have any concerns about a learner's welfare or safety.

### **Neglect or Emotional Abuse**

Members of staff often find it more difficult to know what to pass on in these circumstances. Any concerns or worries about a learner's welfare should be discussed with a member of the Safeguarding Team.

It is important that staff alert the Head of Student Support or, in their absence, the Deputy Head or relevant Student Support Officer of concerns regarding:

- Lack of adequate food, clothes or hygiene.
- Loss of weight.
- Increase in apathy.
- Excessive attention-seeking behaviour.
- Unduly aggressive behaviour.
- Self-depreciation (I'm stupid, ugly, worthless, etc).
- Extremes of passivity or aggression.
- Constant tiredness.
- Untreated medical or hygiene problems.
- No social relationships.

### **Suspected abuse by another student**

Any form of inappropriate behaviour (e.g. bullying and harassment) towards students will be dealt with under the BIMM Institute Disciplinary Procedure.

In the September 2019 Keeping Children Safe in Education (KCSIE) update, staff are also requested to be vigilant around issues associated with sexual violence and sexual harassment between children in schools and colleges. It is also provided clarity of managing peer-on-peer abuse and additionally physical relationships between children.

## **8. Record Keeping**

Any member of staff receiving a disclosure of abuse from a child or young person, or noticing signs or symptoms of possible abuse, will make notes as soon as possible (within the hour, if possible) writing down exactly what was said, using the child's own words as far as possible. All notes should be timed, dated and signed, with name printed alongside the signature.

All records of a child protection nature will be passed to the DSL including case conference or core group minutes and written records of any concerns. Child protection records are kept securely and transferred in a safe and timely manner when a child moves school and a confirmation receipt obtained.

The DSL will maintain and regularly audit child protection records and ensure that each stand-alone file includes a chronology of significant events.

## **9. Information Sharing and Confidentiality**

BIMM Institute recognises that all matters relating to child protection are confidential and is fully aware of the obligations which the Data Protection Act 2018 and General Data Protection Regulation (GDPR) places on organisations and individuals to process personal information fairly and lawfully

and to keep the information they hold safe and secure. However, The Data Protection Act 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of children.

The College Principal or DSL will disclose any information about a student to other members of staff on a need to know basis only.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children/vulnerable young adults. All staff must be aware that they cannot promise a child/vulnerable young adult to keep secrets which might compromise their safety or wellbeing.

## **10. Monitoring and Evaluation**

It will be the responsibility of the Head of Student Support or, in their absence, the Deputy Head or relevant Student Support Officer to review and monitor the procedures and to seek the advice of the Area Child Protection Committee (ACPC) and local authority Social Services department and to bring about a change in procedures and guidelines if necessary

Our Safeguarding Children policy and procedures will be monitored and evaluated by:

- Completion of an annual safeguarding audit;
- Student surveys and questionnaires;
- Discussions with students and staff;
- Scrutiny of data and risk assessments;
- Scrutiny of the single central record of recruitment checks;
- Monitoring of logs of bullying/racist/behaviour incidents;
- Supervision of staff involved in child protection;

## **11. Other Relevant Policies**

BIMM Institute's statutory responsibility for safeguarding the welfare of children goes beyond basic child protection procedures.

The duty is now to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies, where applicable, such as:
