Acceptance Packs – Course Information

Course: BMus (Hons) Popular Music Performance

Course Welcome/ Introduction

Congratulations on accepting your place on the BMus (Hons) Popular Music Performance course and welcome to a network of music students, educators and industry professionals.

The programme combines core topics such as performance, technique, musicianship, theory and technology to help you find and develop your niche as a performer. Study in your first year will explore the links between these subject areas as you develop your musicianship and apply learning through practical tasks and activities in both mixed and instrument specific group settings. Beyond this, you be able to further tailor your course to your own artistic and career aims through our wide range of optional modules. These include a specific focus in areas such as creative performance, session skills, songwriting, composing, arranging and more.

You'll become fully immersed in the flourishing BIMM community with plenty of opportunities to collaborate with a diverse range of talented peers. And you will spend a lot of time on stage, too. You will have the chance to play live and perform with your fellow students. Throughout these performances, you'll receive expert guidance from our BIMM lecturers. Our lecturers who guide you through your studies are all experienced and highly sought after professionals with invaluable expertise and experience that will help you progress through the course.

You'll become equipped you with the skills and drive required to be successful in any musical situation and through study of the Curriculum Spine modules, you will be supported in continuous development of your academic and graduate skills, creating your best work as you emerge into the industry.

Essential equipment and software

What you'll need to bring with you:

- You will need your instrument:
 - Guitarists/bassists should bring their instrument and a lead to class.
 - Drummers need only bring sticks to class. If it is not suitable to have drums at your student accommodation, we recommend investing in practice pads.
 - Vocalists may bring their own microphone to class or use a BIMM provided microphone
- Laptop
- Headphones
- Ear protection

What we will provide upon enrolment

- Microsoft Office 365 Suite

- A BIMM produced e-book containing instruction (through text, illustrations, videos and transcriptions), explanation and tasks for each instrumental discipline and for Music Theory.

How to prepare to get the most out of your studies

Get a head start with reading for your course

The Course Leaders have selected one essential core text for each of your semester one modules. It's worth getting your hands on these in the summer as these are texts that you'll refer to again and again during your studies.
