As a BIMM Institute student you will be creative, collaborative, innovative, professional and continue to push the boundaries of the Music Industry.

What to expect

Auditions/interviews are one to one with a BIMM Institute Assessor and will last 1 hour. This is your opportunity to tell us about you and show your skill set for the course of interest.

There are three parts to your joint honours audition:

1. Performance Audition – Guitar
2. Music Business Presentation
3. Theory & Sight Reading

During your audition you will have the opportunity to ask questions about the course, provide details on your musical background such as recording/performance experience, and discuss genres you have a keen interest in. Your assessor will also explore with you what you hope to gain from your studies and discuss your musical aspirations.

1. Performance Audition - Guitar

You must prepare a song to perform. It should be around 3-minutes long and can be an original piece or a cover. Please be sure you select a song that:

- You feel comfortable with
- Demonstrates your technical ability
- Represents you as a performer

You can perform your song solo or to a backing track. If you wish to perform with a backing track, please bring this with you along with any other effects that you require.

We will have a Guitar amp and lead for you to use for your audition. If you are planning to use any pedals, please make sure you bring any extra leads you will require and an English power supply or travel adapter if they are not battery powered. This will ensure your audition runs smoothly.

Styles Knowledge Performance

You will be asked to demonstrate your stylistic knowledge across genres. These should be different styles to your prepared piece and do not require a backing track. You can choose which styles you play but try to showcase a different aspect of your playing.

Examples include (but not limited to): ROCK, POP, BLUES, PUNK, FUNK, SOUL, METAL, REGGAE, LATIN, JAZZ and DRUM & BASS.

You must pick from TWO of the above examples playing each at any preferred tempo for approximately 16 bars each.

Instrument Skills - Technique & Theory

Your assessor will ask you to demonstrate a series of technical exercises. We recommend that you become familiar with the following:

- Rhythm guitar part/riff of your choice to a metronome. If you require a metronome within the audition, make sure it is set up beside you in advance.
- Major and minor chords in two different positions
- Major and minor scales
- Major and minor pentatonic scales

If those exercises are demonstrated successfully your assessor may request some additional examples such as:

- 7th chords
- Arpeggios
- Modal scales
- Harmonic and melodic minor
- Finger style
- Picking

2. Music Business Presentation

Please prepare a 5-minute presentation covering one of the following topics:

- A current development or issue within the music industry
- An area of the music business, a company or brand that interests you
- A prominent entrepreneur relevant to the music industry
- A music marketing campaign that caught your attention

The presentation will help create a discussion centre piece for your interview. It is not designed to test your presenting skills, but to encourage thought and conversation which will help determine suitability for the course.

You can deliver your presentation in a way you feel is effective to communicate your thoughts and ideas. For example; PowerPoint, video, a written piece you can talk through, or a series of blogs you have written.

3. Theory & Sight Reading

You will be asked to work through some sight reading and music theory-based exercises in order to gauge your musical knowledge and aptitude.

THEORY - You will be asked to demonstrate your understanding/level of music theory knowledge. If appropriate, you will be asked some questions on time signatures and intervals.

SIGHT READING - You will be asked to demonstrate your understanding/level of notation reading. If appropriate, you will work through a short sight-reading piece with the assessor.

It is important to note that successful completion of your audition **does not** rely on these elements. We look at all aspects presented by applicants when deciding on making the appropriate course recommendation.
